HPAA

2-Hydroxyphosphonoacetic acid | CAS 23783-26-8

Buyer specification reference

Property and test condition	Manufacturer reference
Appearance	**Dark brown liquid**
Solids content	**≥ 50.0 %**
Phosphorous acid (as phosphite)	**≤ 4.0 %**
pH (1% solution)	**≤ 3.0**
Density (20°C)	**≥ 1.300 g/cm³**
Iron as Fe	**≤ 50.0 ppm**
Phosphoric acid (as phosphate)	**≤ 2.0 %**

Before requesting a quote

Specify a solids-content requirement and the impurity limits your process requires.
Include the quantity, receiving location and any required acceptance tests.
Request the current technical data sheet and a batch certificate of analysis.

Manufacturer Jiyuan Qingyuan Water Treatment Co., Ltd.
