PAA / QSYW1000

Polyacrylic acid | CAS 9003-01-4

Buyer specification reference

Property and test condition	Manufacturer reference
Appearance	**Colorless to pale yellow liquid**
Solids content	**≥ 40.0 %**
Free monomer (as acrylic acid)	**≤ 1.0 %**
pH (1% water solution)	**2.5–5.0**
Density (20°C)	**≥ 1.150 g/cm³**

Before requesting a quote

Specify QSYW1000 when requesting this polyacrylic acid grade.
Include the quantity, receiving location and any required acceptance tests.
Request the current technical data sheet and a batch certificate of analysis.

Manufacturer Jiyuan Qingyuan Water Treatment Co., Ltd.
